The first edition of this breakthrough book was a huge success, so FOLUSA (Friends of Libraries U.S.A.) has collected 101+ more terrific ideas and best practices to help you and your team connect with your community. Following an introduction which sets the stage for effective library/community partnerships, you'll discover ideas for innovative programs, successful fundraising, strategic advocacy, powerful public relations, memorable membership campaigns and more. As in the first book, each idea is presented with practical instructions, graphics, and implementation tools so you can adapt these programs successfully and creatively to match your library's specific needs and opportunities.
