

“I think the health of our civilization, the depth of our awareness about the underpinnings of our culture, and our concern for the future can all be tested by how well we support our libraries.”

Carl Sagan

“For years it was predicted that libraries would become superfluous - mausoleums for books - when so much was available on-line. Instead, library visits now far exceed annual attendance at sporting events, concerts, and museums combined. It turns out that the very electronic revolution that was supposed to make libraries obsolete has made them indispensable.”

*U.S. News and World Report, July 12, 1999*
